HERING announces Indo-German partnership in largescale powerplant business

1.38 billion inhabitants, 9.85 million GWh primary energy in 2021. India is considered to be one of the most promising future markets worldwide. All the more, HERING is pleased to announce the conclusion of a cooperation agreement for joint strategic presence in India. Henceforth the company **SYNERGY CORPORATION** will represent HERING for new and existing indish largescale powerplant projects. Due to an impressive network and rich market experience, the new partner ensures a successful and prosperous future for HERING in India.

The agreement is seen as a significant step for keeping HERINGs outstanding market position in sector GSC - gland steam condensers.
