HERING extends business relations to Spain, Portugal and Latin America

Individual plant planning, construction and comprehensive on-site services. Not always all of this can be provided effective entirely from our site in Gunzenhausen. To be able to ensure the ability of worldwide full support anyway, HERING is relying on partnerships with high reputed local companies since many years.

Through a new cooperation with the company PSH Energia S.A, HERING will further strengthen its connections to Spain, Portugal and Latin America and continue to guarantee the best possible coverage in these markets.

We're looking forward to the partnership!
